<u>Day 1 (May 11)</u>

7:30 - 8:00	Registration check-in (Reed Hall 201)			
8:00 – 8:15	Introduction			
	Donna Boyd, RU Forensic Science Institute			
	& RU Dept. of Anthropological Sciences			
8:15 – 10:00	Innovations in Digital Forensics (Part I)			
	Robert O'Leary, NIJ Electronic Crime Technology Center of Excellence			
10:15 – 12:00	Innovations in Digital Forensics (Part II)			
	Robery O'Leary, NIJ Electronic Crime Technology Center of Excellence			
12:00 – 1:00	Lunch (Reed Hall-first floor)			
1:00 – 2:45	Identification and Documentation of Bloodstain Patterns (Cook Hall 107)			
	Kevin Patrick, Virginia Department of Forensic Science, Western District			
3:00 - 4:45	Documentation, Collection and Comparison of Impression Evidence			
	Kevin Patrick, Virginia Department of Forensic Science, Western District			
4:45 – 5:00	Discussion and wrap-up			
6:00 - 9:00	Banquet and Guest Speaker: Jon Perry, Virginia State Police			
	Muse Banquet Hall			
<u>Day 2 (May 12)</u>				
8:00 - 8:15	Introduction to Rotating Workshops/Labs (Reed Hall 201)			
8:15 – 10:00	Workshop Lab A or B (Reed 106 and Reed 107)			
10:15 – 12:00	Workshop Lab C or D (Reed 106 and 119)			
12:00 - 1:00	Lunch (Reed Hall first floor)			

1:00 – 2:45	Workshop La	ab A or B	(Reed 106 and Reed 107)
3:00 - 4:45	Workshop La	ab C or D	(Reed 106 and Reed 119)
4:45 – 5:00	Discussion and wrap-up		
5:30	Dinner	(Muse Banq	uet Hall)

Lab A

Forensic Microscopy: Innovations in Forensic Digital Microscopic Analysis of Human Bone

John Williams, Western Carolina University Human Identification Laboratory

Lab B

Recent Advances in Forensic Entomology

Joe Keiper, Virginia Museum of Natural History

Reading: Forensic Entomology

Lab C

Forensic Archaeology: Search (Remote Sensing), Excavation, and Recovery

Cliff Boyd, RU Forensic Science Institute and Department of Anthropological Sciences;

Readings: <u>Excavating Human Remains Part A</u>, <u>Excavating Human Remains Part B</u>, <u>Introduction to Ground</u> <u>Penetrating Radar</u>

A Brief Introduction to GPR

Rhett Herman, RU Dept. of Physics

Lab D

Forensic Anthropology: Current Issues in Human Osteology and the Identification of Unknown Human Remains

Donna Boyd, RU Forensic Science Institute and Department of Anthropological Sciences

Readings: Introduction to Forensic Anthropology; Applications and Basic Terminology; Establishing Forensic Significance; Biological Profile: Age; Biological Profile: Race/Ancestry, Sex, Stature; Assessing Trauma and Time Since Death; Positive Identification; New Perspectives in Forensic Anthropology Part A, New Perspectives in Forensic Anthropology Part B

Day 3 (May 13) (Reed 201)

8:00 - 8:45	Forensic Chemistry Trends, Clandestine Labs, Designer Drugs, Synthetic		
	Cannabinoids, and How the Forensic Labs, Law Enforcement and Courts Are		
	Addressing Them		
	Diane Catley, Virginia Department of Forensic Science, Western District		
8:55 – 9:40	Stable Isotope Analysis and Forensics		
	Cassady Yoder, RU Dept. of Anthropological Sciences		
9:50 – 11:30	Innovations in GIS and Crime Mapping		
	Bernd Kuennecke, RU Dept. of Geospatial Sciences		
11:30 – 12:00	Final discussion and course evaluation		

Other Pertinent Information:

The conference hotel is The Best Western at 1501 Tyler Ave, Radford VA 24141. Do not make reservations yourself for this hotel--these will automatically be made for you by the online RU Conference Services system upon registering for this conference. There are a limited number of hotel rooms available for these dates and these are available first-come, first-serve based on your registration time. Upon filling of these rooms, additional rooms will be available at air-conditioned residence halls at Radford University.

Additional information about parking, more detailed agenda, and other logistics will be sent to you closer to the conference time.
