

Minutes of the Administrative and Professional Faculty Senate: July 15, 2014

Senators in attendance: Ashlee Claud, Elizabeth McCormick, Dan Waidelich, John Leonard, Laura Quesenberry, Donna Spradlin

Guests: Laura Noll, Tom Cruise

1. Welcome. Meeting started at 10:35.
2. Update on AP Faculty Handbook: Senators need to familiarize themselves with the current version so that they can provide feedback once the revised version returns from Ed's group in Cabinet.
3. AP salary study: Trying to determine when Staff and T&R faculty got their studies and raises; when have people asked about AP faculty in the past; trying to meet with President Kyle in September so we need to use the rest of the summer to get information together for that meeting. What are the guidelines for getting AP faculty any kind of raise? Laura Quesenberry asked whether we want this simply because AP faculty have never been reviewed or because there's actually a problem? Hard to compare what AP faculty do at one university with what is done at another. Motion: The Administrative and Professional Faculty Senate is to request reviews for salary alignment and for equity adjustment for Administrative and Professional employees similar to reviews done for Staff and Teaching and Research faculty in the past five years.
4. Next meeting: August 12 in the Bonnie Combo Room at 10:30 AM.
