University Profile

Radford University is one of Virginia's finest coeducational institutions. As in its previous history, Radford maintains a dedication to students with an emphasis on personalized attention and instruction. A low student-to-faculty ratio allows students to interact with their professors both in and out of the classroom. Radford University is a comprehensive public university with highly diverse curricula for undergraduates and selected graduate programs. Undergraduate majors include over 106 program options in the Colleges of Business and Economics, Education and Human Development, Health and Human Services, Humanities and Behavioral Sciences, Science and Technology, and Visual and Performing Arts. The College of Graduate and Professional Studies offers 38 programs of study at the master's and specialist levels. These programs provide advanced and specialized courses of study, supervised practicum experiences, and opportunities for research. The university has an outstanding nationally recruited faculty, 83 percent of whom hold doctorates or other terminal degrees in their teaching fields. While their primary focus is on the teaching and learning process, faculty are also engaged in professional development benefiting students' classroom experience as well as bringing notoriety to the campus.

The Radford University Mission Statement

Radford University serves the Commonwealth and the nation through a wide range of academic, cultural, human service and research programs. First and foremost, the university emphasizes teaching and learning and the process of learning in its commitment to the development of mature, responsible, well-educated citizens. Toward this end, the university is student-focused and promotes a sense of caring and of meaningful interaction among all members of the university community. Research is viewed as a vital corollary to the teaching and learning transaction as it sustains and enhances the ability to teach effectively. RU believes in the dynamics of change and has a strong commitment to continuous review, evaluation and improvement in the curriculum and all aspects of the university, so as to meet the changing needs of society.

Radford University Board of Visitors

Radford University is governed by a 13-member board that was created under Virginia state law. Eleven of the members are appointed by the Governor of the Commonwealth and serve four-year terms. Each year, the Board also selects a student and a faculty member to serve as advisory representatives on the Board. The Board meets in regular session four times each year, generally in February, May, August and November; however, all times are subject to the discretion of the Board. The third meeting of each calendar year, generally to be held in August, is considered the first meeting of the year and is designated as the "Annual Meeting of the Board." Board meetings are held in the Board Room in Martin Hall.

Technology

Fact Book Information 2007-2008

Technology at RU – Radford University maintains a robust technology infrastructure to support the computing needs of students and faculty. RU is committed to the integration of technology into the learning environment. With the growth of mobile computing, Radford has built a strong wireless and mobile computer infrastructure to promote anytime anywhere learning. Over 85% of Radford University faculty have a mobile computer. Wi-Fi connections have been installed throughout campus providing wireless network connectivity in all campus buildings. RU also prides itself on providing multimedia resources for faculty and students in campus classrooms.

Radford University provides the following technology services:

- One OC3 (155 Mbit/s) Internet connection via COVANET.
- One DS3 (45 Mbit/s) Internet connection via Network Virginia.
- Internet2 connectivity through Network Virginia.
- Gigabit Ethernet connectivity between campus buildings.
- Residence Halls with two 100 Mbits/s Ethernet connections and wireless access in every room.
- 377 wireless access points providing 54 Mbit/s 802.11g Wi-Fi connectivity throughout campus.
- VPN connectivity for secure connections from off campus
- File Server Storage, Web Hosting, and Exchange e-mail for all students and faculty
- The Highlander Connection web portal, providing a single place to access campus technology resources
- Blackboard CE (WebCT) for 24-hour access to web enhanced classes
- Adobe Acrobat Connect (Breeze) for web conferencing and online classes
- iTunes University participation with over 900 podcasts online
- 710 workstations available in computer labs and public areas for student use.
- A Microsoft Campus Agreement providing students with access to Microsoft Office and Microsoft Windows.
- 170 rooms with a complete multimedia podium including computer, data projector, VCR/DVD, and visual presenter.
- 39 rooms with data projector and VCR/DVD.
- The RU campus includes 5 classrooms, 1 conference room and 5 portable videoconferencing units utilized for Distance Education and on-demand videoconferencing.
- RU maintains 2 classrooms and 8 portable videoconferencing units located at the Roanoke Higher Education Center, Southwest Virginia Higher Education Center, Martinsville New College Institute (NCI) and Woodrow Wilson Rehab Center in Staunton.

Fact Book Information 2007-2008

In January 2007, the University launched a major multi-year project designed to review, replace and enhance the university's administrative information systems. These core systems include undergraduate and graduate admissions, financial aid, registration and records, student housing, advancement and fundraising, financials, budget, human resources and the current portal. Together, these systems provide the business processing, data retrieval, reporting and self-service functions critical to providing essential services to faculty, staff, students, prospective students, alumni and the entire university community.

The University chose SunGard Higher Education's Banner administrative systems suite to replace the current systems. Implementation phases of Banner began in June 2007, and will continue through Spring 2010. When complete, the following components of the SunGard Banner system and supporting ancillary systems will be operational:

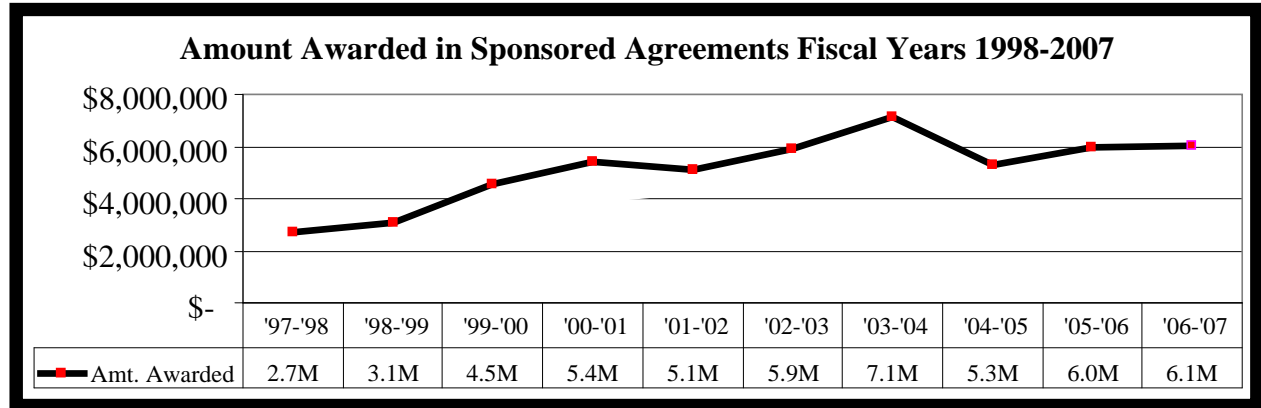

- Banner Finance and related self service components
- Banner Student and related self service components
- Banner Human Resources and related self service components
- Banner Advancement and related self service components
- Banner Financial Aid and related self service components
- Operational Data Store
- Cognos Reporting
- Workflow
- Enterprise Data Warehouse
- Luminis Portal (MyRU portal)
- Banner Xtender (Imaging) Solutions for two business areas
- LDI for e-Learning (WebCT integration)
- LDI for e-Procurement (integration for the Commonwealth's e-Procurement system, e-Va)

Gifts and Grants

Sponsored Programs and Grants Management

The hard work of Radford University faculty and staff has resulted in over \$6 million in grants, contracts, and cooperative agreements from government, private, corporate, and special interest agencies. This is an increase over FY 06 and is shown in the table below:

Sixty-seven awards were received, totaling \$6,059,433 during the year ended June 30, 2007. Of this, \$5,785,447 was awarded in the form of 55 awards directly to Radford University; \$273,986 was awarded through the Radford University Foundation through 12 grants. The small spike in FY 2004 was caused by a switch to a new database. Prior to implementing an Access database, it had been necessary to cut off the fiscal year in mid-June to allow us to report in a timely manner. In fiscal year 2004, we began in mid-June of 2003 and ended the year on June 30, giving that year two extra weeks and hundreds of thousands more in funding for that year, rather than the next.

Academic Enhancement

Honors Academy

The Honors Academy is a Center for Excellence at Radford University that serves as a focus for student-faculty collaborative scholarship. Honors courses are all General Education courses taught by faculty in a highly interactive and engaging environment. Honors Sections are limited to 20 students, and may involve field trips, and special in-class activities well suited to a highly interactive environment. The Honors Academy also sponsors 'wireless' sections of some of its courses in which the professor designs the course with the knowledge that each student will attend class with a wireless laptop or tablet computer. Faculty in these sections have integrated online test submission and grading, visits to internet sites, WebCT, Breeze Live, cross campus collaboration and other applications into their classroom teaching. Our faculty have led panel discussions about using tablet computers in a wireless classroom at state and regional conferences, and are updating a booklet of "Best Practices in Wireless Teaching" in the Spring of 2008. Honors students "contract" classes in their majors for honors credit by working on individual projects dealing with the subject matter in the class. Often these projects substitute for other class requirements.

The Honors Academy also fosters student faculty collaborative scholarship throughout the campus and sponsors travel for dozens of students and faculty mentors to national, regional and statewide conferences each year. Each Spring, the Honors Academy also hosts our campus' annual Undergraduate/Graduate Student Engagement Forum. Demonstrating that student/faculty collaborative scholarship is becoming a hallmark of a Radford University education, over 200 students, mentored by 60 faculty made more than 150 presentations and performances in the Forum last Spring semester (2008). Only a few years ago there were less than 100 such presentations. Thirty or more graduating Highlander Scholars who are required to present the results of their Honors Capstone Projects are among the participants at each Forum. Presentations included original dance performances, musical performances, independent study projects, study abroad projects and undergraduate laboratory research carried out by students as a result of their work with faculty. During the final evening of the Forum, recipients of the Faculty/Student Collaborative Grants Program presented the results of their work together. Another feature of the Forum is the organization of special topics symposia in Sociology, Forensic Anthropology, Chemistry, Psychology, Physics and Gender Studies.

A mutually supportive academic and social environment for Honors Academy members is maintained in Floyd and Perry residence halls where individuality is encouraged and academic commitments and responsibilities are respected. Approximately one third of the 180 residents are upperclassmen while the other two-thirds are new freshmen. Many sections of the Honors General Education courses are taught in the basement classrooms of these buildings which have a full complement of multimedia equipment and a wireless computing environment.

The Honors Academy also hosts an annual banquet to honor Graduating Highlander Scholars and recognize new Highlander Scholars. In contrast to 5 and 2 graduates only 7 and 6 years ago, respectively, 41 candidates for Graduation in 2008 will invite their parents and faculty capstone mentors for an early evening meal and celebration. Faculty mentors have prepared short statements about their student collaborators which are read aloud as the students are called to the podium to receive their gold stoles signifying status as a graduating Highlander Scholar. The Honors Academy itself continues to grow as the total number of participants presently sits at approximately 500. This past Fall semester we took in approximately 150 new freshman participants with another 75 joining the Academy at the beginning of Spring Semester. It is anticipated that within the next year or two that we will graduate 50 – 60 Highlander Scholars per year.

New Student Programs

Orientation Programs

The goal of all orientation programs is to begin to facilitate the academic and personal transition of new students and families into the institution. Opportunities are provided for parent and student interaction with other new students, families, current students, faculty and staff. Information sessions addressing the institution's academic expectations, developmental and social opportunities, and resources are also presented. The main objective during all programs is to academically advise and register new students for the upcoming semester's courses. Faculty advisors and undergraduate student leaders offer new students guidance and reassurance during the time they are on campus. Through new student orientation students and families develop an understanding of the intellectual, cultural and social climate of the institution.

Quest

Quest is Radford University's two day summer undergraduate new freshmen and family orientation program. Faculty advisors and Quest Assistants, undergraduate student leaders, work most closely with students and Parent Orientation Guides (POGs), also student leaders, to serve the families.

QUEST Attendance (2007)
Students: 1707
Parents: 2272
Total: 3979

Transfer Quest

Transfer Quest is Radford's orientation program for new transfer students and families. This one day summer orientation program allows transfer students to receive appropriate attention to their transitional needs. New students are led by undergraduate student leaders, Transfer Assistants, who themselves transferred to RU.

Transfer QUEST Attendance (2007)
Students: 455
Parents: 490
Total: 945

Fall Orientation

Those students, freshmen and transfer students, who are unable to attend one of our summer programs, are invited to a one day program offered a few days prior to the start of fall classes. This abbreviated version of Quest and Transfer Quest meets new students' needs in an expedited fashion.

Fall Orientation (2007)	
NF 160 (320 parents) =	480
TR 84 (168 parents) =	252

Spring Orientation

Spring Orientation is the welcoming event for freshmen and transfer students beginning their career at RU during the spring semester. This one day program is similar to Fall Orientation as it accommodates all new undergraduate freshmen and transfer students.

University 100: Introduction to Higher Education

"UNIV 100" is a first semester course for new students. Faculty, staff, and upper-class peer instructors focus on academic, social and personal issues, including decision-making skills. Radford University has developed its own textbook to ensure content relevance which includes university and local resources, organizations and happenings.

Learning Assistance and Resource Center (LARC)

The Warren P. Self Learning Assistance & Resource Center (LARC) at Radford University is an all-inclusive academic support service open to the entire Radford University community. Both graduate and undergraduate students are invited to make appointments for free tutoring in math, statistics, accounting and finance, science, writing, reading, and basic learning and test-taking strategies. The LARC also works collaboratively with other departments to enhance the overall learning experience for the students of Radford University.

The LARC tutoring force is largely comprised of undergraduate and graduate students from various disciplines. Tutors undergo extensive training based on the College Reading and Learning Association's international certification standards. Writing tutors aid students with writing assignments for any discipline, while math/statistics and science tutors help students understand formula, grasp abstract concepts, and reinforce problem solving skills. Additionally, students can improve and maximize their learning skills, reading comprehension, and test taking strategies. LARC tutors work individually with students, facilitate workshops and study groups, and represent the LARC during official University sponsored programs. Support for our international students is provided by an English as a Second Language (ESL) specialist.

Inspired by a holistic approach to tutoring, LARC tutors are trained to make referrals if they detect other issues at play in their students' lives. Becoming a tutor is an excellent way for Radford University students to increase their leadership skills, assist peers with academic challenges, and build their resumes.

The LARC encourages Radford University students to work through their difficulties with support and encouragement. Our student clients are empowered to succeed by taking responsibility for their own education and learning. With a learner-centered approach, the LARC staff and tutors seek to meet each Radford University student's academic needs.

Student Services and Organizations

Student Government Association (SGA)

The SGA is the highly organized and active legislative and service organization with approximately 50 student leadership positions. The SGA is comprised of eight councils and committees. The SGA is also responsible for electing and appointing approximately 150 positions on Internal Governance committees and councils. The Dean of Students office staff advises the SGA Executive Council, Senate, Cabinet, Staff, and Off-Campus Student Council as well as overseeing and advising services for various other SGA councils and committees.

Multicultural and International Student Services

The purpose of the office of multicultural and international student services is to develop cultural awareness, understanding, and a sense of belonging among Radford University students. The office provides academic and social support systems for students from various backgrounds and lifestyles. The Black Student Affairs Council (BSAC) and International Student Affairs Council (ISAC) of the Student Government Association (SGA) are administratively advised by the Director and Assistant Director.

One hundred forty-seven students from 58 different countries attended RU during the 2007-2008 academic year.

Student Health Services

Radford University Student Health Services provides basic health care to students on an outpatient basis, Monday through Friday. All registered students are eligible for services. The student health center is equipped to provide diagnosis and treatment for most of the common health problems encountered by students, as well as follow up care and referrals to a network of local specialists. RU Student Health Services:

- Has been accredited by the Accreditation Association of Ambulatory Health Care, Inc (AAAHC) since 1999
- Serves over 13,000 student visits annually
- Provides a 24/7 Nurseline call service
- * The medical staff includes: 1 Physician of Record, 2 Nurse Practitioners, 1 Physicians Assistant, and 4 Licensed Practical Nurses

** All medical staff members are licensed by the state of Virginia and all providers are nationally certified.*

Student Counseling Services

Student Counseling Services is a place where students can talk privately and confidentially about issues which are of concern to them with a licensed mental health professional. Students frequently seek assistance with issues such as stress, anxiety, depression, relationships, lack of motivation and family concerns to name a few. Services at SCS are free to currently enrolled undergraduate and graduate students at Radford University. Confidentiality is strictly maintained for information shared in counseling. Services include:

- Short term, mental health services to RU students
- Individual, couples and group counseling
- Consultation services
- Referral services available when specialized services or long term therapy are necessary
- Crisis services during office hours; after hour emergencies are referred to ACCESS (New River Valley Community Services Board) or CONNECT (Carilion Health System)
- Programming/outreach on relevant mental health issues as available
- Part-time psychiatrist on campus.

Student Counseling Services employs two full-time, licensed mental health professionals, one part-time consulting psychiatrist, one health educator and a nurse practitioner.

The Disability Resource Center

Radford University is dedicated to providing equal educational opportunities for otherwise qualified students with documented disabilities. The Disability Resource Office (DRO) provides reasonable academic accommodations and services to facilitate the university's goal of removing physical, attitudinal, and technological barriers which might infringe upon any individual to fully participate in the University experience. Accommodations are provided based on review of current documentation and upon completion of a student interview. Accommodations shall not alter the technical standards of a program or the integrity of Radford University.

The types of disabilities accommodated include but are not limited to: Learning disabilities, Attention Deficit Disorder (ADD), vision, hearing, speech, psychiatric, physical, neurological, medical, and temporary. Sixty-five percent of the students served have ADHD, LD or a combination of both. The most common accommodations are: extra time on tests, quiet room for testing and note taker.

Student Support Services

Student Support Services (SSS) is a grant-funded program operating under the umbrella of the Federal TRIO programs and financially supported by the United States Department of Education (DOE). SSS was designed to assist RU students who are considered at-risk to attain a baccalaureate degree. DOE defines the at-risk population as students who are first generation and/or low income, as well as those students who have a documented disability.

Student Support Services is independently funded by the U.S. Department of Education at a level of \$278,298 per year and accommodates 160 students. Participation is limited and dictated by grant specifications. Over the past 13 years, SSS has served approximately 1,200 students.

NCAA Athletics

NCAA Athletic Programs

Radford University Athletics

The Radford University athletic program offers 19 varsity sports, eight for men and 11 for women. Robert Lineburg is the athletic director at Radford University. He was appointed on November 1, 2007.

The athletic program has grown dramatically since 1974-75, when men's sports were first offered on a varsity level. Men's basketball and tennis joined women's tennis, basketball and volleyball to form the heart of the Highlanders' growing athletic program in 1974-75. A year later, in 1975-76, the first men's soccer team was organized.

Radford currently offers men's and women's basketball, cross country, golf, soccer, tennis, indoor and outdoor track, along with field hockey, swimming & diving, softball and volleyball for women, and baseball for men.

Radford helped found the **Big South Conference** in 1984 and has been a prominent figure in the 25-year old league.
