

THE BEA COVINGTON AWARD

Douglas and Bea Covington

This award was established in 2006 to honor Bea Covington, the late wife of Radford University's fifth President, Dr. Douglas Covington.

Bea sought to make the university a more warm and welcoming place for students, faculty, staff, and visitors. It is presented annually at the staff picnic to a staff member who best exemplifies the loving character and spirit of Bea. Staff members are nominated by their colleagues and should consistently demonstrate a positive attitude, are fun to be around, and treat others with dignity, respect and kindness.

I nominate _____, for the Bea Covington Award.
